

- Activates this week
 - Jacob
 - Continue work on users views and functionality
 - Work on the mobile views
 - They need at least an under constructions page
 - Max
 - Continue work with fingering chart
 - Making the keys clickable
 - Sasha
 - Fix error with link_to
 - Need to use something else to get to different pages
 - Making the registration page look nicer (not flush with edge ect)
- We discussed the team name
 - Susan requested a change from TAB, and did a poll on her Facebook page the names she came up with are:
 - iFlick
 - Copyright issues, and doesn't bring to mind thoughts of bassoon or fingerings
 - Thumbs Up, Thumb Wars, Thumbing Gone Mad
 - All these sound like slogans, not names
 - They don't say anything about the app itself, or bassoons in general
 - Bassoonists: All Thumbs
 - Again, similar to a slogan
 - At least it has bassoon in the name
 - We decided out of her list, Bassoonists: All Thumbs was best, but didn't really reflect the application.
 - Sasha came up with Bassoon Fingering Finder or BFF
 - We will contact Susan about this in the next few days to get her response.
